

At Dragon Army, our team is the most important part of our company. And our values are what help us make sure we bring in the right new team members. They are: Team First, Think Positively, and Have Fun. So right off the bat, we need to know if you think these are good values for YOU. If this sounds like your kind of thing, keep reading.

We're a mobile experience company. We strive to build remarkable mobile products and experiences for Fortune 1000 companies. And we're looking for an incredible Android Lead to join our growing team.

Responsibilities

As an Android Lead, you are on top of mobile trends and stay up-to-date on the latest Android releases and updates. You also have a solid understanding of backend systems and how to work closely with a backend team. This person understands how to design, build, and maintain applications all while collaborating with a strong development team.

Required Skills and Experience

- 5+ years of development experience (Java preferred)
- 2+ years of experience leading Android projects
- Maintain excellent code quality
- Experience in architecting systems for applications
- Experience in publishing apps through Google Play store
- Interest and ability to mentor junior team members
- Familiar with different software development methodologies
- Deep knowledge of Google design guidelines (Material)

Sound like something you'd be into? Drop us a line at jobs@dragonarmy.com and we'll get back to you.

Our benefits are pretty great. They include things like unlimited vacation, 401k, and we can't forget to mention our **annual company cruise**.

Dragon Army is an equal opportunity employer and value diversity at our company. We do not discriminate on the basis of race, religion, color, national origin, gender, sexual orientation, age, marital status, veteran status, or disability status.
